

Summer is here! Are you looking for an exciting challenge this summer? These challenges can be done on a rainy day or as a family outing. Be sure to ask an adult for permission before you start. Complete as many of the challenges as you would like before you get back to school. You will receive a point for each challenge you complete and will be able to use these points for prizes in the fall. To earn points, bring in a scrapbook of your work including what you did, a picture of your work, what you like about the activity, what was challenging and a parent signature. Have fun and enjoy summer break!
